

Ahorro de tiempo del staff clínico en la gestión y conteo de insumos.

A través de inteligencia artificial el Smart Count® optimiza inventarios y predice el vencimiento de productos.

Smart Count® permite automatizar las reposiciones, evitando quiebres de stock.

# SMART COUNT®

Sistema de control de consignaciones automatizado, que permite a los proveedores mejorar la operación y rentabilidad.

	<b>High Performance Computing Platform</b> Powerful hardware configurations to ensure applications like massive data collection, 3D real-time display can be operated smoothly.
	<b>Android 6.0</b> Android 6.0 OS, keep optimizing and updating.
	<b>Top Class Materials</b> CNC aluminum, PC+ABS (SABIC) body with 1.1mm thickness tempered glass offer excellent strength + heat dissipation + electromagnetic shielding features. Soft material around the handle offers a comfortable grip.
	<b>Industrial-grade components + super long life cycle</b> Industrial-grade and military-grade components ensure stable operation in harsh environments. Over ten years of supply can be offered, which provides guarantee for the long term projects.
	<b>Ultra Long Operating Time</b> Pistol style hot-swappable battery system makes backup battery more convenient to be restored, so that the operating time is unlimited (extra batteries are available)
	<b>High-end UHF RFID Engine</b> Equipped with self-developed Rodinbell M-2600 module based on Impinj R2000 chip, offering the best performance and excellent multi-tag identification ability in the industry.
	<b>Outstanding Industrial Design</b> The idea was inspired by orca, and each single detail has been well refined. The appearance is compact,elegant and balanced, which makes the product eye-catching and impressive.
	<b>Excellent Mechanical Protection</b> Safety drop height 1.6m. With IP64 protection grade to resist dusts and splashes effectively.

System Characteristics	
<b>Operating System</b>	Android 6.0
<b>CPU</b>	Quad-core Cortex-A17 / 1.8 GHz
<b>GPU</b>	ARM Mali-T764/high performance 3D engine
<b>RAM + ROM</b>	2G+32G 4G+64G
<b>LCD</b>	5.0 inches/1280*720 / IPS / 180°view angle
<b>Touch Screen</b>	1.1 mm thickness tempered glass/ 10- dot touch / operable with gloves
<b>Hotswapping Battery</b>	Pistol style hotswapping battery system
<b>Buttons</b>	3 ALPS buttons/ Operating force 2.5N / Operating life 1 million cycles
<b>Power / Volume</b>	OMRON button / Operating force 1.27N/ Operating life 10 million cycles
<b>Scan Trigger</b>	6,000mAh chargeable li-polymer battery
<b>Power</b>	Nano SIM card slot*1 / TF card slot*1
<b>Card Slots</b>	Micro USB / MOLEX connector /Operating life 10,000 cycles
<b>USB Interface</b>	Large speaker stereo system
<b>Audio</b>	Button style / 10mm diameter
<b>Vibration</b>	Bicolor LED
<b>Charge Indicator</b>	

Application Environment	
<b>Operating Temp</b>	-20° - +60°
<b>Storage Temp</b>	-30° - +70°
<b>Humidity</b>	5%RH - 95%RH (non -condensing)
<b>Protection Grade</b>	IP64
<b>Safety Drop Height</b>	1.6m / 5.25ft
